

So there's two main things that concern us now,

1. Hosting – Getting your website out there.
2. Domain name – www.DOMAIN_NAME.com

Hosting has free and cheap options:

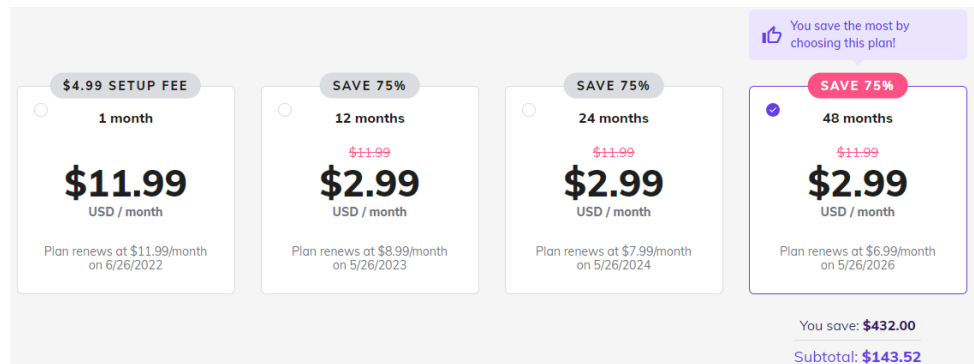

- Free: www.netlify.com –

Pros: Can purchase Domain Name separately to have www.NAME.com (\$11.99 for 1st year through netlify, \$17.99 after)

Cons: Stuck with website like www.featherdusters.netlify.app if you don't purchase Domain Name.

- Cheap: www.hostinger.com –

Cost:

Pros: Comes with free (for 1 year) domain name

Cons: Price increases after the initial time period

Estimated breakdown:

1. Free with domain name purchase
 - \$11.99 for 1st year, \$72.95 for 5 years
 - Hosting + www.NAME.com
2. Cheap
 - \$35.88 for 1st year, \$371 for 5 years
 - Hosting + www.NAME.com
3. FREEEEEE
 - Free
 - Hosting + www.NAME.netlify.app
